

Second circular letter (May 26, 2014)

Dear Colleagues,

This is the Second Circular for the **XXIVth International Conference of Phytosociology** (I Congress of the Spanish Society of Geobotany), to be held in Gijón, Asturias (Spain) at the **Atlantic Botanic Garden on July, 9 to 11, 2014**.

This circular has been sent to all people included in the 1st Circular list. Please redistribute this circular at your convenience.

Call for Grants

The Spanish Society of Geobotany offers **6 grants** to undergraduate students (accreditation of such status will be required) which include free registration fees (the payment of the post congress excursion fees are not covered by the grant). Please contact to abueno@uniovi.es for more information or visit the web site of the Congress for more information (information regarding this subject will be updated in a few days).

Reduced registration fees

Please, keep in mind that the period for reduced registration fees will expire on June, 6th.

Publication of works in SEG journals

The [Spanish Society of Geobotany](#) and the editorial [EditAefa](#) are very pleased to announce that the journals *Global Geobotany* and *International Journal of Geobotanical Research* will open a call period for submission of papers presented in this Congress.

Please, consider this issue when you send your abstracts and keep us informed about your interest of publishing your work in the mentioned journals. Please visit the EditAefa web site for more information about the subjects covered by *Global Geobotany* and *International Journal of Geobotanical Research* journals.
